

The window of OPPORTUNITY for private parties to purchase former Bureau of Land Management (BLM) lands from Clear Creek County will

CLOSE FOREVER MAY 2015

- *In 1995 all of the land owned by the BLM in Clear Creek County was transferred into County ownership*
 - *Until May of 2015 the County is allowed to sell certain parcels of that land to private parties*
 - *The County, through its County Lands Department, has been offering land to contiguous property owners with the requirement that parcels be combined with private property*
 - *If you receive a letter offering for sale a former BLM parcel contiguous to your property, this may be your ONLY CHANCE to purchase all or a part of that land*
