Clear Creek County
Cultural Resource Management Plan

Figure 11,
Potential Effects on Priority Cultural Resources
Environmental Degradation

Priority Cultural Resources

- Above Treeline (11,520')
- On Steep Slopes (30% or greater)
- On Steep Slopes & Above Treeline
- Georgetown Silver Plume National Historic Landmark District
- Public Lands Extended Boundary
- Planning Units
- County Boundary
- National Forest Boundary
- Major Roads
- Project Area
- Outside of Project Area

This map is a visual representation only, do not use for legal purposes. Map is not survey accurate and may not comply with National Mapping Accuracy Standards. Map is based on best available data as of November 2010.

Environmental degradation may occur in areas of steep slopes and above tree line.
Steep Slopes: For the purposes of this project steep slopes are defined as 30% or greater.
Tree Line: For the purposes of this project we estimated tree line to occur on average at 11,520' above sea level.

Sources:
Cultural Sites: Colorado State Historic Society, 08/2009
Study Area: Study area was derived by excluding all US Forest Service Lands, Division of Wildlife Lands, and lands within Municipal boundaries. A 500' buffer was extended into the USFS & DOW lands to ensure inclusion of Cultural Resources that may have bordered those areas.

Planning Unit 1 - Upper Clear Creek
Planning Unit 2 - West Fork Clear Creek
Planning Unit 3 - Fall River - Mill Creek-Clear Creek
Planning Unit 4 - Soda Creek - Chicago Creek
Planning Unit 5 - City of Idaho Springs - Beaver Brook-Clear Creek
Planning Unit 6 - Bear Creek
Planning Unit 7 - North Fork South Platte River
